Programs Implemented Throughout 2015-2016:

- Andrea Bell helped Mrs. Sadler in preparing our Anti-Bullying Program for PK-12: “Understanding Our Differences”. JH/High School classes had one lesson in the fall and one in the spring. Elementary teachers implemented the lesson plans twice in the fall and once in the spring semester.
- Mrs. Sadler prepared our JH/High School Dating Violence Program: “Not Once”. Feedback and participation proved this one-day lesson to be very impactful on our student body.
- Dusty Smith prepared and implemented our “General Safety Tips for Kids” program in the PE classroom setting. Lessons throughout the second semester included such skills as washing hands, preventing the spread of germs, sun safety, and playground safety.
